PARK AND PLUNGE IN CITY ARE GOAL OF CHAMBER GROUP

Steps Taken Last Night to Get Recreational Area Within Upland

POSSIBILITIES DISCUSSED

Baseball League Costs Civic Group $517; Protest Is Sent to Council

Steps looking toward the realization of a city park, equipped with a plunge and other amusemen facilities, in addition to lawn and shade, were informally taken by the chamber of commerce directors last night.

Ways and means of securing funds for such a project were discussed with the result that during the two weeks before the next meeting, certain surveys will be undertaken. Need for such a recreational center in the down-town district, if posible, was seen and the activity of the civic group will in the future be largely centered on securing the improvement.

General conditions throughout the city and business district were discussed with Norman S. Lawson, president in charge. The meeting was held in the office of Walter W. Horak.

Getting the Upland Night baseball league started and through its second game has cost the Upland chamber $517, Clair E. Kirk, secretary reported. A sum of $500 had been previously voted, but to cover all the expenses, a motion introduced by Mr. Horak included the additional $17. Earlier in the spring, the chamber by voting to give $500 made the league possible.

That the chamber of commerce and Upland residents as a whole were not well pleased with the way in which Ontario tore up local streets and allowed them to remain closed during the installations of water mains was the sentiment expressed in another motion. The Upland city council will receive a copy of the motion.

Directors present were Mr. Lawson, Mr. Kirk, Mr. Horak, J. W. Mehl, Milton Huxtable, Robert Klindt and Vernon V. Paine.

PAGEANT WORKERS HOLD CONFERENCE

Members of General Committee Hear Reports; Sale of Tickets Good

The general committee for the pageant, "The First Californians," met last night in Armstrong hall, Ontario, with Glenn D. Smith, general manager, presiding. Mrs. I. C. Baxter, chairman of the Upland committee, and Mrs. Awdry Armstrong, Ontario chairman, were present with a good representation of the committee membership.

Reports of the progress of the various pageant activities were made and general satisfaction expressed with the results obtained. The production work of the pageant is moving along nicely, and much public interest is being aroused through the valley, according to the reports. The advance sale of tickets is also very gratifying, the reports showed.

Chaffey Alumni Hold Reunion in Ontario

Annual Chaffey alumni homecoming was celebrated last night at Hotel Ontario. Nearly 130 alumni, faculty members and graduating students were present. The reunion was in charge of Alfred Williamson.

A chorus of 14 sophomores sang some of the newer Jaysee songs. The chorus was directed by Mr. Blakeslee. Following the dinner were speeches by alumni, members of the class of 1929, and Dr. Hill. Mr. Blakeslee and Mrs. Stanford also told something of the history of the Californians who are to present their pageant here June 24 and 26.

Three Upland couples, good friends who know how to enjoy an outing, made a trip to Newport Beach Sunday and enjoyed a good dinner at the seaside. Those making the trip were Mr. and Mrs. F. H. Manker, Mr. and Mrs. P. H. McQuillen and Dr. and Mrs. A. L. Weber.

Legion Men—Call Will Be Given You Soon to Mobilize

Upland Legion men will again be called together for mobilization.

The local fire siren will blow four times, with a short interval between the second and third blast. At this call, all Legion men are expected to report immediately to the post headquarters.

This announcement was made today by Milton F. Huxtable, commander of the local post, who explained that all California posts are holding an emergency mobilization test sometime during next week.

"These tests are being made to perfect our plans, should we be called upon to render a real service in any major disaster, which may occur in any part of the United States," Mr. Huxtable said.

"When this call comes, it is up to each Legion man to report immediately to his post. Help your post make a good showing when you hear the signal. It will take only five minutes to drive by and report."

G. A. Brest, fire chief, has made special arrangements to sound the signal.

Mr. Cadman comes here from Monrovia, where he has been living for a short time, after being credit manager of the Imperial Valley Credit association for many years. His election came at a meeting of the local association directors and members in the Tulip cafe Tuesday night.

Formal resignation by Mr. Naylor was submitted at that time, although it has been known for some time that he was going to resign.

Mr. Cadman has rented the house owned by R. A. Poole at 231 Sixth avenue and he and Mrs. Cadman will move here immediately.

"I hope to get into the spirit of the community immediately," Mr. Cadman said. "It will take some time for me to get acquainted with everyone, but I am looking forward to my association with the business people here."

Most of Mr. Cadman's life has been devoted to work similiar to what he is undertaking here. In addition to being secretary of the association, he will be in direct charge of the Merchants' Adjustment Service, a collection organization owned by Mr. Naylor, who will retain ownership of this business.

Mr. and Mrs. Naylor moved their household goods to Los Angeles today. His classes begin June 17.

H. M. Guy and V. V. Paine Purchase The Upland News from Richard T. Baldwin

Following one year's residence in Upland as the owner and publisher of The Upland News, Richard T. Baldwin has sold this newspaper and its allied job printing department to two experienced and capable newspaper men, Harry M. Guy, of Hollywood, former owner and editor of The News, and Vernon V. Paine, who for the past year and a half has been the advertising manager of the paper. The new owners take possession at once.

The reason for the sale is the insistent desire of Mr. Baldwin and his family to return to Michigan, where their entire lives had been spent prior to coming here, and where both have many immediate relatives.

Both new owners have a splendid background of newspaper training and adaptibility. With Mr. Guy it will be a case of coming "back home," as he was for three months, from April 1 to July 1, 1928, the editor of The News. His return to his old editorial desk is the finest compliment that it is possible to pay to both Upland and its home newspaper.

Mr. and Mrs. Guy and their two daughters, both in high school, came to California over two years ago, following a lifetime of residence in the Middle West. For years Mr. Guy was one of the leading country publishers of Iowa and came to California from Osage, the county seat of Mitchell county, where he was the editor and owner for ten years. Before that he had been the publisher at Clarion and other places. Before engaging in business for himself and making an outstanding success he had the unusual experience of serving for four years on the mechanical staff, as foreman of the composing room, of The Traer Star Clipper, at Traer, the Iowa country weekly that for two years in succession was voted by the National Editorial association to be the "best country weekly" of the entire United States. Since leaving Upland Mr. Guy has been one of the owners of The Oxford Press, a large job printing establishment at Hollywood.

Mrs. Guy has been prominent in social, church and fraternal circles. She has been a leader in Eastern Star affairs and is a past matron of the chapter at Osage.

The change in ownership will make Mr. and Mrs. Paine permanent and valuable members of the community. Mr. Paine is a native of Nebraska, but spent fourteen years in Idaho before his parents moved to Pasadena, Calif., in 1920. He graduated from Pasadena high school and during his study there worked as a reporter on the Pasadena Post. Kansas was the home state of Mrs. Paine, but later she too moved to Idaho, and it was in school there that she and Mr. Paine first met. She and Mr. Paine continued their education at Oregon State college at Corvallis. The past year Mrs. Paine has been a special student at Chaffey Junior college.

The retiring editor (who is writing this article) feels that Mr. Paine is entitled to much credit for the splendid success of The Upland News the past year.

Mr. and Mrs. Baldwin and their three children, Ruth, Paul and Philip, who have made their residence in the Isaac Large home at 2233 Euclid avenue, expect to leave for Michigan soon and will take three weeks or more to make the trip by automobile, going by way of Yosemite, Portland, Ore., and the Yellowstone park. Mr. Baldwin's plans are in the making, and it is probable that he will again engage in newspaper work in Michigan or Indiana.

Mr. and Mrs. Guy have leased the Large residence which has been occupied by the Baldwins and with their two daughters, Esther and Helen, will move to Upland in about two or three weeks.

Upland Legionnaires Will Attend Caucus in Riverside Tonight

Upland Legion men will be in Riverside tonight where a district caucus will be held at 8 o'clock.

An appeal for many Legionnaires to attend was voiced by Milton F. Huxtable today, in these words: 'Don't forget the district meeting in Riverside tonight. Be at the Legion house by 7 p. m. Eat your dinner before you go. Our post and county want a good turnout."

Those who had notified Mr. Huxtable of their plans to go were Carl Riggs, Earl E. Marsh, Clair E. Kirk, Tom Howarton, Jack D. Howe, Bruce Moore, William Larkin.

BAIL PLACED AT $250

Gus Lundin was at liberty this afternoon under $250 bail, following his arrest this morning on a charge of disturbing the peace after he was alleged to have attacked his step-father, Frank Stoddard, owner of Stoddard's canyon.

Lundin, who is reported to be squatting on land near the mouth of Stoddard's canyon, which is said to belong to the San Antonio Water Co., is said to have engaged in an altercation with his step-father and mother over a frame shack which he wished to move and add to his cabin, and words led to blows.

Lundin is slated to appear before Judge George R. Crane June 18.

BIDS CALLED FOR PUMP AT NEW WELL

Work Rapidly Progressing on Getting New Source of Water For City

With the new city well down about 840 feet, with the well-digging crew working night and day, expecting to reach a depth of 900 feet soon, and with this city's water outlook bright, the city council at a special meeting last night called for bids on a pump to be used on the new project.

The well, located near the Heinecke Lumber yards, is the hope on which the city is looking for additional water supply, and R. G. Manley, city engineer, is encouraged by the progress being made in tapping a flow of water. In order to rush the work as much as possible, another special council meeting will be held June 28 to receive the bids and let a contract for the pump, which will bring a new flow of water into the city mains before the summer ends.

Jaysee Seniors Unite at Breakfast

Graduating class of Chaffey Junior college enjoyed a waffle breakfast in the Chaffey cafeteria this morning. This was their last get-together before graduation this evening and approximately 100 students were present.

The breakfast was a novel idea, planned and given by Dean Booth who acted as host. The Chaffey cabinet, headed by Dr. Hill, lent their cooperation and acted as the waffle cooking committee. They were assisted by the student committee, headed by Paul Bodenhammer.

Following the breakfast, the student adjourned to the amphitheatre where rehearsal for commencement was held.

Mr. and Mrs. E. M. Barkow of Alta Loma will leave next week f ora two week's trip as far north as Portland, Ore.

Pupils of Colony School Get Awards

Believing that recognition of earnest effort is the best form of encouragement for young people, Miss Frances Barr, head of the Colony school, finds various ways to express her appreciation of the work done by her pupils.

Before the close of the school last week, the pupils in each room voted on the best "citizen" in the room. In Mrs. Daniels' room Tom DuVall won the coveted honor. In Miss Crane's room, Frances Paul was selected; Robert Ford received highest vote in Miss Babcock's room, while in Miss Barr's room Jack Maffett was accorded the honor. Each of these citizens received a gift from Miss Barr.

Selected by Miss Barr as the pupil possessing and utilizing the greatest degree of initiative, Max Hawkins received a special gift from the school principal.

Two pupils who were neither absent nor tardy for the entire year, also received gifts. They are Bill Hartley and Nellie Jones. In addition to these awards, the graduates also received beautifully bound books, an annual custom of Miss Barr's.

Ladies to Attend Rotary Luncheon, Pageant Program

Upland Rotary luncheon meeting at The Sycamores Tuesday will be opened to the women of Rotary, they being special guests on that day, according to President Charles V. Barr, to hear the program to be presented by the pageant entertainers. The story of the pageant, "The First Californians" to be staged at Chaffey on June 24-26, will be told and a glimpse of what the pageant is to be will be seen in several musical and dance numbers. The famous vocalist, Chief Yowlache will sing.

Miss Imogen Crane, member of the faculty of Miss Frances Barr's Colony school, who had expected to leave Sunday with her mother, Mrs. Alexis Crane for a visit at their eastern home, Jamestown, N. Y., has been obliged to postpone the trip on account of the necessity for a surgical operation which she underwent yesterday at the San Antonio Community hospital. Miss Crane, who is under the care of Dr. John B. Craig, was reported making satisfactory progress today.

Mercury Goes Up to 88 Degrees as Summer Sun Comes

After weeks of cool weather, summer made itself felt and today Uplanders know they must expect higher temperatures.

At noon today, the mercury stood at 82 degrees.

Thursday's maximum was 88 degrees, according to T. R. Woodbridge. Minimum temperature yesterday was 51 while today's minimum was 48.

It may be a little cooler up at Nineteenth street, where Mr. Woodbridge makes his observations, but the mercury in the downtown and residential districts was around the 85 or 90 mark today, it was estimated.

FINAL CONCERT OF SEASON IS GIVEN

Fred Wilding and His Chaffey Orchestra Given Ovation at Chaffey

Gathering to hear the season's final concert by Fred Wilding's Chaffey Little Symphony orchestra, residents of Upland, Ontario, and surrounding communities, who appreciate good music, last night filled to capacity the Chaffey auditorium and listened to one of the best concerts given this year. The orchestra never responded to Mr. Wilding's able direction with better results than it did last night and its several beautiful numbers were greatly enjoyed. In addition to the orcestra numbers two special treats were provided in the appearance of Mrs. Grace C. Mabie, noted pianist, and Malcolm Davidson, cellist, both of whom were recalled again and again.

Dr. Merton E. Hill, speaking for the music lovers of the district and for Chaffey, paid high tribute to Mr. Wilding and his orchestra, who have faithfully appeared in concert each month throughout the year and presented such programs as are always a delight to the audiences.

Mr. Hill's remarks of appreciation brought ready and hearty response from the audience and at the close of the program Mr. Wilding found himself the center of a group of admirers, many gathering about to express their appreciation of the high class and artistic programs presented by him and his orchestra. Mr. Wilding modestly passes the praise on to the members of his orchestra, but they and his friends know such an orchestra as that of Chaffey can be built only by long, patient and faithful direction.

Mrs. A. L. Palis returned Tuesday from a short visit in Los Angeles and was accompanied home by her daughter, Miss Edith Palis, who has completed her junior year at the University of California at Los Angeles. Miss Palis will return to the university in the fall.

WOODMEN WIN OVER ALTA LOMA 17 TO 4 IN SECOND BATTLE

Visitors' Pitcher Arrives Late After Lodgemen Get an Early Start

O-K Club vs Cucamonga

GAMES NEXT WEEK

June 19—Merchants vs Alta Loma
June 21—Lemon Growers vs O-K Club

Two home runs and a scratch hit that netted four bases, coupled with a 7-run lead in the first inning was too much for the Alta Loma baseball club and as the result the Modern Woodmen today have a victory of 17 to 4. The game was played Wednesday night on the Junior high lot as the second battle in Upland's night baseball league.

Gilbert Kreibel, first batter in the game, connected, and through a series of errors he ended up at home for the first lodgeman run. Harold Anderson hit, and Pitcher Earl Bice joined the bases. Robert Word filled the sacks to let Oris Heinauer get a hit and send in two runners. Bus Andreas, Floyd Sabin and W. Cunningham then followed at the bat, with Kreibel facing the pitcher for the second time in the first inning.

Alta Loma polled one run in the first and that was the end of the scoring until the sixth frame.

In the meantime, Harold Hively, Alta Loma twirler, arrived, and took up the burden with the big handicap. It might have been a different story if this regular had been in the box from the first. As it was, he fanned 12 Woodmen batters in the eight innings.

As the result of two hits, the Woodmen added two scores in the sixth and Alta Loma tallied twice in the seventh. Alta Loma came across the plate twice in the seventh and once in the eighth.

Home run honors go to Bice and Cunningham, who were largely responsible for the Woodmen's eight runs in the last two stanzas.

E. Barkow started Alta Loma off in the box.

Hively exhibited the art of twirling in a fashion that offers much for the opposing teams to think about. He holds the record today for strike-outs.

Good-Bye and Good Luck!

Farewell to Upland—and all its fine people!

After a year as your editorial family, we are "goin' home." We leave with the most profound feeling of gratitude for all that you kind Uplanders have done to and for us. We can never forget California, and especially shall we always remember as a cameo of rare radiance our one year's residence in this truly favored paradise. In every way Upland has been very good to us. Business has been very gratifying; friends have been true; the climate is all you say it is; the glory of the mountains, the fruitful valleys, and the perennial flowers has been compelling beyond words to describe; health, happiness and prosperity have been ours far beyond our due. We are richer and better in every way for our twelve-month with you.

An unfailingly loyal office force has helped make the year rich and full. In trying to give you the best possible home newspaper, we have always been able to count on the "true blue" and constant help of the seven or eight other folks who have worked with us. Upland has one of the finest newspaper forces in all of Southern California.

Only sentimental folks will know why we shake California flowers from our feet to return to a more rugged clime. The call of the Riddicks and the Baldwins and their allied host, back there on old home haunts, is just too much. That's our own only alibi for a return that to many will seem like a foolish and unexplainable act. But if it brings that nameless thing called content we shall be glad.

Some day we shall come back to see you all. That will be a happy return. We have "boosted" for this wonderful little city with all sincerity and have nothing to take back. All "them words" are true and the future will justify them. We know of no finer community in California. To you, each and all, we say: "Good-bye and God bless you. Pull together and there is nothing you can't do. Dream dreams. Live together as good neighbors and loyal friends, following the Golden Rule, and the Upland of the years ahead will be a city known far and wide for its greatness and goodness.

"Adios!" —Richard T. Baldwin

Editor's Wife's "Last Word"

We have begged a corner in the editorial column since we feel a partnership in this business, having "edited the inside matter" of the editor for over twenty years. We cannot close the most eventful and interesting chapter in our lives without expressing to our friends our keen appreciation of what it has meant to us. In returning to our native state we are not discounting the glories of California. It is simply a case of family ties outweighing softness of climate. With eleven brothers and sisters (on both sides) and a dear father whose eighty-second birthday occurs today, all back East, we find the magnetic pull too great. To the charge "soft-hearted" we plead guilty.

We have never lived in a more beautiful town than Upland and folks have been most kind. Our only apology is that, in throwing ourselves so heartily into the job of helping to give our readers the best possible paper, we have neglected social contacts, and in this we have been the losers. We wish we could pick Upland up bodily and set it down in old Michigan and thus have "the cake and penny, too."

Next winter we shall sit by our cozy fireside while the wintry blasts blow round our cottage, and we will dream of swaying palms and pepper trees with glimpses of distant purple mountains—and perhaps we will sigh—but our "ain folk" will be near so we shall be happy.

Educated "Snobs"

Some eastern college professor got onto the front pages of the city papers the other day with his Commencement address in which he advised the graduates to be "snobs" and to go out and "high hat" the world. "Be superior folks," he exhorted.

"Applesauce!"

Education has already made too many snobs and too numerous young folks who think they have to wear a white collar to be a success in life. Too many have gone out of college with the notion, "What can I get out of it?" instead of "what can I give to the world?" Too many have gotten swelled up with the idea that they were better than other people who never sported around college campuses. Too many have spent four years in pleasure-seeking at the expense not only of self-sacrificing parents but at the cost of the taxpayers who put millions into our great educational institutions. These self-confident young people who think the world owes them a living don't need to have one of the professors tell them they are a super-human race, for they are likely to find out different when they get out into the cold world.

Chief Justice William Howard Taft the other day said something about college students that had more the ring of truth to it than did this eastern man we just mentioned. This one of our living ex-presidents said:

> When a man grows as old as I have he then feels like resorting to profanity, as he ought not to do, at the misconception of life and the use of universities by feather-headed young men.

We here in Upland can be mighty glad that the kind of education taught here in our grade schools, Junior high and at Chaffey is the kind of education that does not make "snobs" but young people with ideals of service and helpfulness for their fellowmen. For that kind of education we are all willing to sacrifice and save.

"JUGGLING FIGURES"

This heading appeared over a recent editorial in the Redlands Facts, published in the home city of Assessor A. E. Allen.

It is apparent that the writer of that editorial is not acquainted with conditions in the West End of the county as to the "over night" tax increases recently pictured by C. E. Grier, Upland, chairman of the county board of supervisors. Or, it may be that Mr. Allen is not assessing his own district as others.

The Redlands editorial in full follows:

Rather interesting, the talk on taxes and assessments at the farm bureau picnic in Sylvan park Saturday. Assessor A. E. Allen had the logic while Chairman C. E. Grier of the supervisors had the oratory. It is rather unfortunate that the average run of people seem ready to whoop when a public official promises to reduce taxes, but fails to use reasoning sense as to the machinery employed to do it.

If there is a material rise in assessment values the Redlands district would feel it as hard, or probably harder, than any other part of the county. During the last few weeks several, individually and in committees, have visited the assessor's office, at first indignant because of an apparent rise in their citrus values, only to return home convinced that the system is fair and sensible.

Claims that there have been increases of from 100 to 300 per cent over night are misleading. In those cases where new plantings have reached five years of age this might be true, for they are not assessed until then. It may also be true in the case of many trees which have been improved, but taken with the valuations placed on land and personal properties, the rise, if any, shrinks to a reasonable and to-be-expected figure.

For instance, there has been quoted throughout the county the fact that one grower experienced an assessment jump from $250 to $750 on his trees, or 300 per cent. But, in this particular case, the land was assessed the same as last year, $2,000, and the personal property the same as last year, $500. The total represents a rise from $2,750 to $3,250. Let those so easy with figures figure out the percentage of actual increase in this case.

No doubt there are inequalities here and there in the huge job, and where they occur there is ample opportunity for the property owner to visit the assessor and point out the error. The inequalities are no more than are to be found in the annual preparation of assessments in every one of the fifty-eight counties of the state. Assessor Allen's job is to set the values on property as equally as possible throughout the county. The job of deciding what the property holders shall pay as their portion of government is up to the supervisors. Should the assessor raise values 100 per cent the supervisors could make the tax rate all the less. It seems rather out of place to blame the assessor for the higher tax, if it comes.

No property holder has as yet intimated that he would sell at the valuation figures of the county assessor.

THE PRINTED PAGE

Puente Journal—Another evidence of the value of publicity: A Detroit manufacturer of automobiles has brought a suit for a million dollars against an auto trade paper because that paper published a story to the effect that the company would soon come out with an eight-cylinder car, leaving the impression that its present six-cylinder car would be obsolete. It is a high compliment to the value of the printed page, and a valuation which the publishers would not even thought of placing on their product. It may, eventually, lead to an increase in advertismg rates.

CIGARET ADS

Tobias Larson in Claremont Courier—The Courier is being chided this week for running a cigaret ad through May. I just want to say that while the ads came unsolicited and meant just $28, I hesitated some time before accepting the contract. I looked to see if any kissable looking girl was pictured in the ads. She wasn't. If there had been, I wouldn't have used them.

It's a question of ethics to a degree. I do not smoke cigarets—use a pipe. I shudder to see women smoke and I hate to see a boy or student smoke. Yet Student Life has been running cigaret ads all along.

There is probably not a newspaper in fifty that refuses cigaret ads. Our crack magazines run them. Shall the Courier refuse them? I confess it wouldn't require much argument to convince me I should not.

6 Reasons why citrus growers get higher returns

by marketing through the Exchange

1 *Continuous Supply.* Because it represents every citrus producing area in the state, the California Fruit Growers Exchange is able to keep the trade continuously supplied throughout the year. The Exchange is headquarters for citrus fruits, handling 75 per cent of California's crop.

2 *Better Information.* For marketing purposes the Exchange has divided the country into 61 districts. From each of these territories Exchange representatives send daily, by telegraph and mail, reliable data on sales conditions. Thus the Exchange is in the best position to take instant advantage of every market change for the benefit of its members.

3 *Salaried Salesmen.* In these marketing centers the Exchange maintains its own sales offices, manned by its own experienced salesmen for the sole purpose of representing its shippers.

4 *Sunkist Advertising.* For 22 years the Sunkist brand has been continuously advertised. No other marketing agency offers citrus growers the accumulated advantages of national advertising or the use and good-will of so valuable a trademark.

5 *Complete Service.* In addition to its marketing service the Exchange operates a supply company, by-products plant research laboratory, pest-control bureau, traffic and claim department, dealer service department and other similar facilities in order to conserve and increase the grower's returns.

6 *Lower Cost.* The enormous volume of fruit handled by the Exchange makes possible this complete service at a cost that is lower than the marketing expense alone of any other agricultural product. Every cent over the actual operating cost goes to the grower.

All of these forces are operating for the benefit of Exchange members every day in the year. Learn what they might do for *you* by talking to the manager of your nearest District Exchange or Exchange Association. Or address Growers Service Bureau, California Fruit Growers Exchange, Box 530, Station "C," Los Angeles, California, for further information.

MUSIC WILL FORM BIG FEATURE OF HISTORIC PAGEANT

S. Earle Blakeslee Composes Arrangements For Program June 24 and 26

Of more than usual interest will be the music and musical features of "The First Californians," an unsurpassed cultural pageant, depicting the early life and romance of the San Bernardino valley region. The pageant will take place in the Chaffey amphitheatre of Ontario, the evenings of June 24th and 26th.

Musical arrangements and compositions are by S. Earle Blakeslee, head of the music department of Chaffey Junior college who is gifted with an artistic sense of beauty, harmony and background of native history. The composer has created a musical theme which will be the piece de resistence of the whole presentation.

Musical Prelude

The audience will find original scripts of by-gone days, Indian melodies and last, but not least, modern arrangements, skillfully blended to the various periods. There will be a musical prelude to each episode, composed of a hidden chorus of more than 100 voices, with pipe organ accompaniment as a background. The themes heard are in the nature of guiding motifs unfolding the story.

Among these is the old French marching theme, made famous by Bizet, in the suite "L'Arlesienne," which is used in "The First Californians" as the soldiers' marching song. The Indian numbers are particularly interesting. The motifs of the Indian Medicine Man's augury, which is sung at the Prophecy of the Passing of the Red Race, and later at his death, is a Navajo melody collected by Earle Blakeslee. Others include the Deer Dance, the Warrior's Dance, the Sons of Heyoke from "Wewahste," by Blakeslee.

To Sing Old Song

Alabado, the actual song of praise, sung by the padres, will be heard in original form. It was ever on the lips of the mission fathers at the beginning of a day's work or at the beginning of some serious adventure or mission. The scene at the founding of the mission, the ancient Gregorian "Vexilla Regis Prodeunt," "Veni Creator" and the "Ave Maria" by Arcadelt will be sung.

PAGEANT BOOSTERS PUT ON PROGRAM

Song, Dance and Story Enliven San Bernardino Meeting

Upland and Ontario boosters for the coming pageant, "The First Californians," and a number of members of the cast pepped up the Rotary meeting at San Bernardino Tuesday and put on a program that fairly shouted of the magnitude and splendor of the big pageant, which will be held at Chaffey on June 24 and 26. The dinner was held in the California hotel and was opened to the ladies, many of whom were present.

P. H. McQuillen was program chairman and introduced S. Earle Blakeslee, composer of the music for the pageant, who told the story of "The First Californians," and what its presentation will mean to San Bernardino county.

Chief Yowlache, famous Indian singer, made a marked impression with his vocal numbers, and the pageant trio, Upland, Ontario and Etiwanda girls, sang several songs. With John D. Howe at the piano, several of Mac's pep songs, composed by him especially for pageant publicity, were sung and made a big nit with the San Bernardino Rotarians. Spanish costume dances also gave a hint of what is to be seen in the big pageant.

A number of programs are scheduled by the pageant association for the next week, including three next Tuesday when members of the cast will appear before the Upland Rotary club, the meeeting being open to the ladies; the Riverside Lions and the Pomona Rotary club.

At noon today Chief Yowlache sang at Whittier. Thursday night the pageant trio sang at the Chaffey alumni dinner at Hotel Ontario, and Thursday noon a program was put on for the San Dimas Service club.

Optometrists Meet in Upland Tuesday

The Orange Belt Optometrists association held a dinner meeting at the Davis cafe Tuesday night, with the president of the association, Dr. W. O. Rife of San Bernardino, presiding. Dr. Claude P. Mengle of Upland is secretary of the organization. The program usually given at these meetings was dispensed with, but a very interesting business meeting was held.

All Canyons in District Closed

W. M. Musselman, deputy fire warden, is calling attention to the fact that the canyons in the mountains near Upland are closed to the public, and have been since June 1. The canyons involved in the closure, which is a part of the forest fire prevention program, are Cucamonga, Etiwanda, Day and Deer.

Warden Musselman said the closure rules are to be strictly enforced, and he added with an emphasis that bodes trouble for violators, that he is going to stop all trips and parties in these canyons.

Frank M. Baxter, 2245 Euclid avenue, left Tuesday night on the Santa Fe California Limited for his former home, Cleveland, Ohio, where he will remain for several weeks looking after business matters. He is accompanied by an uncle of Pasadena.

New W. C. T. U. Members Are Given Reception—

The reception given for the new members of the Woman's Christian Temperance Union on Friday, June 7, at the home of Mrs. J. F. Haddow, 791 First avenue, was well attended, there being 14 new members greeted by 20 "old" members.

The decorations of the rooms were very prettily arranged, Mrs. Haddow using an effective combination of carnations, pentstemon, snapdragons and Easter lilies. Among the number on the informal program were several expressive readings given by Mrs. Ralph Marr and Mrs. Jay Rogers. Mrs. Rogers read "O Why Should the Spirit of Mortal Be Proud" and "If I Had the Time." Mrs. Marr's numbers were "The Busy Body," "The Dutch Letters," "Pussy, Pussy, Pussy" and Eralina's Wedding."

At the close of the afternoon the hostess served a delicious fruit juice and wafers and the guests departed counting the day well spent.

The new members attending the reception were:

Mrs. Saither, Mrs. Clausen, Mrs. Benson, Mrs. Cooley, Mrs. Naftel, Mrs. Johnston, Mrs. Linsey, Mrs. Kelsey, Mrs. Kincaid, Mrs. Springer, Mrs. Froelick, Mrs. Daniels, Mrs. Perrin, Mrs. Farnsworth; also little Miss Jane Cooley and Miss Francis Clausen.

Surprise Birthday Party Given For Mrs. Jebens—

Complimenting Mrs. Margaret Jebens with a surprise party in honor of her seventy-first birthday, Mrs. G. L. Chapman entertained a number of friends last Thursday at her home on West street.

Entirely unaware of the conspiracy, Mrs. Jebens accepted an invitation to take dinner at the Chapman home, others present being Mrs. Chapman's daughter-in-law, Mrs. Edwin C. Chapman, Mrs. Ann Hewett and Mrs. T. H. Adams.

After the dinner, Mrs. Jebens stepped over to speak to the next-door neighbor and when she returned to her hostess' home she was surprised to find more than 20 other guests ready to greet her.

A happy social afternoon was enjoyed, at the close of which Mrs. Chapman served delightful refreshments, a part of which was the excellent birthday cake.

The guests enjoying the afternoon with Mrs. Chapman and greeting Mrs. Jebens were: Mrs. Scholten, Mrs. Johnson, Mrs. Mary Busby, Mrs. Cordes, Mrs. Lennie Crellin, Mrs. O. H. Henderson, Mrs. Edwin Chapman, Mrs. Mary Ryan, Mrs. Ann Hewett, Mrs. Sadie Daniels, Mrs. Alice Parks, Miss Edna Hoag, Mrs. Naomi Harris, Mrs. Amy Wing, Mrs. Josie Hewett, Mrs. Karen Sather, Mrs. Max Eppler, Mrs. Clary, Mrs. Jacobs, Mrs. C. E. Tyler, Mrs. T. H. Adams, Mrs. Carlton, Mrs. Rubidoux and Mrs. Denny.

Words All There.

While freely acknowledging we probably could not do half so well in any foreign language, yet most of us do find amusing some of the quirks often given our language by those of foreign birth. A sample of this kind, beautifully written and correctly spelled, has been received by an Upland business man. The letter reads:

Bridge Luncheon Held at Country Club For Mrs. Edward Gray

As a delightfully planned courtesy for Mrs. Edward E. Gray, who with her husband and family recently established their residence in Upland, coming here from Astoria, Ore., Mrs. R. H. Henderson entertained a group of friends Thursday at Red Hill Country club.

Harmonizing with the beautiful house decorations, arranged for club "ladies' day," Mrs. Henderson's luncheon table was lovely with its artistic arrangement of golden coreopsis and blue bachelor buttons, veiled with delicate breath-of-heaven.

Following the luncheon, the guest repaired to the ball room where they found places at the card tables and spent a pleasant afternoon at bridge. The score prize winners were Mrs. Eve Moore, first, and Mrs. John B. Craig, second, while the guest prize was presented to Mrs. Gray.

Those having the pleasure of being guests of Mrs. Hendersou and greeting Mrs. Gray were Mrs. Eve Moore, Mrs. Reid B. Bordwell, Mrs. Walter Kincaid, Mrs. Harlow S. Wilson, Mrs. John B. Craig, Mrs. Noyes Thompson, Mrs. Sam Rowe, Miss Ruth Milliken, Mrs. Howard Shattuck, Mrs. P. H. McQuillen, Mrs. Leonard A. Smith and Miss Marian Henderson.

Miss Ruth Milliken Is Hostess At Smart Affair—

One of the most attractive social affairs of the spring season was the smartly appointed bridge tea with which Miss Ruth Milliken entertained delightfully some fifty guests Saturday afternoon, at her charming ranch home corner of Arrow Hi-way and Haven avenue, Cucamonga. Baskets of lovely gladioli in shades of orange, orchid and various pastel tints, and other garden flowers, adorned the spacious living-rooms, where ten tables were invitingly arranged for the bridge tourney of the afternoon. Lovely prizes in the noted Hager ware were awarded the winners in the card play, Mrs. Julia Peters of Upland, receiving the first prize, a marmalade jar, while Mrs. Paul Adams, Upland, won for second highest score, dainty candlestick holders; consolation trophy, a candy jar in the same delicately tinted ware, was carried away by Mrs. J. H. Miller, of Fontana.

Tea, with its tempting French pastries in basket motif, and other dainties accompanying, was lovely indeed, and added much to the pleasure of the afternoon.

Enjoying Miss Milliken's hospitality were the following list of guests: Mrs. H. H. Thomas, Mrs. J. H. Williams, Mrs. Chas. B. Motsinger, Mrs. Henry G. Klusman, Mrs. Theodore Krysto, Mrs. E. S. Complimenting Miss Geraldine Norton and her fiance, Martin Mangold, of Pomona, whose marriage will occur next week, Mrs. David Widmark pleasantly entertained a number of guests at her home in San Antonio canyon Tuesday evening.

The hostess served a delicious dinner, the guests finding places at the smartly appointed table which was prettily decorated with brightly colored wild flowers.

Following the dinner an enjoyable time was spent at the bridge tables, the ladies high score prize being awarded to Mrs. R. C. Norton, and the men's prize to Herbert McCulloch, while guest prizes were presented to Miss Geraldine Norton and her houseguest, Miss Lillian Lind.

Guests of Mrs. Widmark were Miss Norton, Mr. Mangold, Miss Lind, Mr. and Mrs. R. C. Norton, Mr. and Mrs. Earl Hawthorne, Mr. and Mrs. Herbert McCulloch and Mr. and Mrs. V. H. Wilson.

Mrs. Grisham Attends Mother's Birthday Party—

Mrs. Bess K. Grisham went to Long Beach Sunday to attend a dinner at the home of her sister, Mrs. Edith Jost, given in honor of their mother, Mrs. Kate Deets, who celebrated her seventy-seventh birthday. The table was prettily appointed with yellow roses and other mixed flowers, and tall candles were held in lovely crystal candle sticks.

Mrs. Deets received a number of nice gifts and the birthday party was a happy one for her and her guests, who were Mr. and Mrs. Don McKean, Joe Sell and Robert and Geraldine McKean, of Los Angeles, Mrs. Bess K. Grisham, Ed Dickerman, and the hosts, the Jost family.

Mrs. Baxter Hostess At Country Club Luncheon—

With Miss Geraldine Norton, bride-elect, and Mrs. James H. Black, who is leaving for a several months stay in Scotland and England, sharing honors, Mrs. I. C. Baxter entertained at luncheon and bridge at Red Hill Country club Thursday.

It was regular "ladies' day" at the club and the club rooms, especially the spacious ball room, were a-bloom with gorgeous rose-colored gladioli and blue delphinium, making a beautiful setting for the numerous luncheon and bridge tables at which several hostesses entertained their guests.

Mrs. Baxter's guests found places at attractively appointed tables and were served with a delicious luncheon. Later they gathered at several card tables in the ball room and enjoyed a session of bridge, the prize winners being Mrs. Barnett and Mrs. Frank Nichols.

Miss Geraldine Norton And Finance Complimented—

An informal dinner and evening at bridge as a courtesy for Miss Geraldine Norton, June bride-to-be, and her fiance, Martin Mangold, was given Wednesday by Mrs. Earl E. Hawthorne when she was hostess to several guests at her home on West Eighth street.

The prettily appointed dinner table was brightened with a mixture of dainty spring flowers and a delicious dinner was served. A very happy social evening was enjoyed, bridge being the diversion.

Mrs. Hawthorne's guest were Miss Norton, Mr. Mangold, Mr. and Mrs. R. C. Norton, Dr. Lyle L. Rathun and Miss Lillian Lind, of Twin Falls, Idaho, a houseguest of Miss Norton.

Relatives Gather Sunday At Van Dusen Home—

A family dinner, that might almost be called a family reunion, will be held Sunday at the home of Mr. and Mrs. H. C. Van Dusen, 495 Third avenue. Two nieces of Mrs. Van Dusen, Mrs. Ralph Lindbloom, of Salina, Kan., and Mrs. Ralph Wade, of Iceland, Kan., and their two sons, Milton Lindbloom and Edwin Wade, are visiting their mother, Mrs. R. M. Laundy, of Claremont, a sister of Mrs. Van Dusen, and they will all be over Sunday to visit their Upland relatives.

Several friends and Upland and Ontario relatives gathered at the Santa Fe station Wednesday morning to say goodbye to Miss Dana Williams, past president of the Ontario Business and Professional Women's club, who left for a month's vacation in Waverly, Kan. She will stop enroute at the Grand Canyon and on her return will come by way of Denver, Salt Lake City and San Francisco.

The eighth annual reunion of residents of Henry county, Indiana, will be held at Brookside park, Pasadena, on Sunday, June 16. This reunion has been held at the same place and the same time each year since its organization and during the eight years L. N. Kirk has been president. Other former Henry county residents in Upland are Clair E. Kirk and Harvey E. Parker, of Fourth avenue.

A group of Upland and Ontario friends of the University of Redlands went to Redlands Sunday and heard the baccalaureate sermon delivered by the Rev. David J. Evans, D. D., pastor of the First Baptist church of Kansas City, his subject being, "The Hero in Thy Soul." In the party were Mr. and Mrs. L. G. Bumstead, Georgnia Graber and Mrs. R. C. Williams. Miss Eilen Bumstead attended the alumni banquet Saturday night and returned Sunday with the others, the party stopping in Colton for supper.

While in Los Angeles Monday Mrs. W. H. Tuttle, West Tenth street, slipped and fell, breaking a bone in her right wrist. The broken bone was the only injury received and Mrs. Tuttle is getting on nicely and experiencing little trouble with her arm.

Guests Thursday at the home of Mrs. Bess K. Grisham, 597 First avenue, were Mrs. Grisham's mother, Mrs. Kate Deets; her sister, Mrs. Edith Jost, and her brother and sister-in-law, Mr. and Mrs. Don McKean, and Mrs. Smith, all of Long Beach. The visitors returned home in the late afternoon.

Mrs. D. C. Morrison and son, Kenneth, will leave tomorrow to join Mr. Morrison who is now with the Van Nuys News, having gone there some time ago. Mr. Morrison and the boy remained here until the close of school and she is moving her household goods tomorrow. Her many friends here regret her departure, but wish her happiness in her new home.

Mr. and Mrs. William C. Atchley are in Ventura. Mr. Atchley went to the northern city this morning, while Mrs. Atchley left Upland several days ago.

Miss Marjorie Sulley, who formerly lived in Upland and had a wide circle of friends here, was in Upland Wednesday visiting a number of friends. She is now living in Vancouver, British Columbia.

Mr. and Mrs. Harold W. Cook are living in his parents' house at 219 West H street, Ontario. They moved there last Monday, shortly after Mr. and Mrs. W. L. Cook left for a motor tour of the United States. The travelers will not return until December.

Paving of Eleventh street between San Antonio and Euclid avenues is sought in a petition, which will be filed with R. G. Manley, city engineer soon. The same work may also be done on Eleventh between Mountain and San Antonio avenues. At present, the city force is paving Twentieth from Euclid to San Antonio avenues.

Few local fishermen have ever experienced the success that came to a local group this week. Hemet Dam was the scene of the first day's success for Leigh Thompson, Vernon Slueman, M. Laucks and Roy Creighton. All the rainbows were large and one weighed about four pounds. Yesterday, Roy Creighton was with another group of lucky fishermen. They were from Los Angeles and San Bernardino and they went to Bear creek, and got the limit.

This is Flag day.

Mrs. Sadie Benner was confined today to a bed at the San Antonio Community hospital suffering from a compound fracture of the left knee which she sustained in a fall from a ladder at her home, 427 Eighth avenue. Mrs. Benner, who is employed as a packer in a local citrus house, was attempting to paint the ceiling of one of her rooms after her return from work and it was while she was near the top wrung that the ladder overturned and precipitated her to the floor with disastrous results.

Craig Williamson, 11-year-old son of Dr. Mary Craig Williamson, was knocked from his bicycle Tuesday by a passing motor car, but was not seriously injured. He was taken to the hospital for examination and has now returned to school.

Seventy-four men attended the Community Bible class at the Junior high school Sunday forenoon. Dr. M. E. Hill taught the class for probably the last time before the vacation period starts. He led a clear-cut discussion of the liquor problem. Prohibition can not be settled on a religious ground, said the Chaffey head, but it is, however, a moral issue, since it involves obedience to law. That the liquor question will be settled on a basis of business and economic efficiency and of public saftey was brought out by both the speaker and those who took part in the discussion. The strong stand of President Hoover for a fair trial of prohibition will be an immense help, said Dr. Hill, in creating better enforcement conditions. Some fine musical numbers were greatly enjoyed by the men. Victor B. Anderson was heard in a violin solo, with Mrs. Anderson as the accompanist. Male quartet numbers were given by W. W. Horak, E. H. Genung, Ralph Marr and Bert Hendy.

Ninth Street Dips Removed by City

He—Let's kiss and make up.
She—If you'll be very careful I won't need to.

PEREGRINA WINS

Joe Peregrina, young Mexican pugilist, was given the decision at the Ontario Athletic club stadium Wednesday night when he appeared in the main event, eight rounds at 160 pounds, with Jimmy Marcus of Los Angeles. At the onset, it appeared that the event would be one-sided, but Marcus showed himself no mean adversary and put up a game fight.

Miss Mina Ruesink and her brother, John Ruesink, and Mr. and Mrs. R. H. Thomas and daughter, Dorothy, of Ontario, left this morning for Waterloo, Iowa, making the trip by motor. Miss Ruesink and her brother will remain until the last of October, but the Thomases will return before the schools open in September.

She will remain in the north until Dr. Foster can go up for her, and it is hoped she will regain her former health during her visit.

Little "Dexter" Washing Machines on Display Today

Not only is it like the big "Dexter" washing machines, but it operates, this about the minature washing machine in the window of the Colborn Electric company made by W. H. Wait of that company. For years, Mr. Wait was employed in the Dexter factory, and knowing all about the machines, he made some very small replicas, which are on display in the Colborn window, along with the Dexters.

Everything about the little machines except the tubs were hand made, even the little rolls on the machine legs. The minature operates and when the display is changed, Mr. Wait is going to send the little machines to little relatives back east.

Quality Prescriptions

Quality is paramount where prescriptions are concerned. When medicine is needed, only the best will do. The highest priced medical skill, the most carefully planned prescriptions, may be completely nullified by the use of inferior drugs and chemicals.

However skillful a pharmacist may be, no matter how much thought he gives to compounding a prescription, his effort is wasted if the medicines he uses are not pure, of full strength—exactly what the doctor ordered.

That is why we use Squibb's chemicals and pharmaceuticals whenever possible in our prescription department. We are assured that the doctor's knowledge, and our own skill, will be reflected in the medicines that he prescribes and we dispense—that the patient will benefit from this ideal cooperation between the medical and pharmaceutical professions.

Bring your prescription here, or let us call for and deliver it.

FOOTHILL PROJECT PLACES UPLAND ON BEST STATE ROAD

Widening of Artery From Fontana to Claremont Is Nearly Completed

Within a few weeks, Uplanders will be able to ride on the widened Foothill boulevard from Pasadena to San Bernardino and as the result of the improvements, this thoroughfare is today considered by many as the best boulevard in Southern California.

The boulevard from Cherry avenue, Fontana, to Cucamonga has been improved to a width of three-car lanes and the work is progressing faster than schedule. At the present rate of progress, Steele Finley, Santa Ana contractor, will have completed the project from Fontana to the east city limits of Claremont by August.

The mixing plant will be moved near the Santa Fe tracks a short distance from Upland, from near the Lafourcade winery.

When the work is completed the boulevard will be California's longest wide highway and one of the outstanding boulevards in the west. The 30-foot pavement will extend through picturesque country in the shadow of the mountains and will carry most of the motor traffic entering Southern California from the east. Virtually all of the road widening is being financed by the state.

From Claremont to Glendora, a program of realignment and widening is under way at a cost of $300,000. A number of curves are being eliminated and, except for a stretch over the San Dimas wash, the road is open to traffic. From Monrovia to Lamanda Park, the boulevard will be widened to 30 feet, the state having set aside $200,000 for this work. Another $150,000 project is under construction from Azusa to Monrovia.

The Lesson-Sermon Sunday in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, discusses the subject, "God the Preserver of Man."

A number of the Bible selections relate to the words and works of the Master as recorded in the four gospels, including these verses from Mark: "And Jesus, when he came out, saw much people, and was moved with compassion toward them, because they were as sheep not having a shepherd and he began to teach them many thing. . . . And whithersoever he entered, into villages, or cities, or country, they laid the sick in the streets, and besought him that they might touch if it were but the border of his garment: and as many as touched him were made whole.

Among the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are these words from the preface: "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation.

100% TALKING FARCE COMEDY AT GRANADA TODAY

Lew Seiler, director, had his troubles in casting the chief ghost role in "The Ghost Talks," the special Fox Movietone feature length farce comedy. While there were any number of prospects who could wear a sheet or a death's head, they did not have eery, sepulchral voices.

Therefore, the director took a half day off and tried out the voices on "The Ghost Talks" set. The result was satisfactory. The turret scene in Hamlet has nothing on the haunted house scene in this picture for weird lamentations and blood-curdling laughter. Stepin Fetchit and Baby Mack, the honeymooners in the story for whose benefit ghosts are provided, looked on the operations with trepidation, as if half believing their eyes and ears. They have many thrilling chases with the "hants" in the hilarious closing scenes of the all-talking production.

Helen Twelvetrees and Charles Eaton are in the leading roles. Others in support include Carmel Myers, Earle Foxe, Henry Sedley, Joe Brown, Clifford Dempsey, Arnold Lucy and Mickey Bennett.

With the non-spectral players there was never a whit of difficulty about voice recording, as all except one of the cast had had stage training, and the exception proved as good as the others in speaking before the microphone.

"Our office boy whistles while he works."

"Ours whistles."

19 TEACHERS TO RETURN HERE FOR WORK NEXT YEAR

Nineteen teachers in the local grammar schools will be on duty when the classes open in the fall, while the other teachers, who served this year have either been granted leaves of absence or are going to teach in other places or follow other professions, according to an anouncement today by Fred E. Draper, clerk of the board.

Due to the changes in the educational system, whereby the local junior high school becomes a part of the organization governed by the Chaffey board of education, the Upland board will in the future have no jurisdiction over the new junior high and its teachers.

It is believed, however, that nearly every junior high teacher will be back with the classes in the fall.

Miss Jessie Brown will continue as principal of the grammar schools. Other teachers, who will be back follow:

Kindergartens

Miss Ella Schmidt, Tenth street; Miss Dorothy Ruth, Sierra Vista.

First Grades

Fifth Grades

HOME OWNING on a Small Salary

IT MAY surprise you to know that fully half of the homes in this country are owned by men who make less than $2000 a year.

How do they do it? Through loans such as those made by this association. These loans are put upon a monthly repayment basis about like rent. Both interest and principal are included; one mortgage stays in force, eliminating costly renewals; never any large sum to meet. This is the one plan that helps you to get out of debt, easily, and over a period of years, it is distinctly cheaper.

We loan money to build or buy a great many homes which never WOULD and never COULD have been owned in any other way.

You can do it, too, if you are now paying rent regularly. Come in and let us tell you how.

10 UPLANDERS AT LEGION MEETING

Reports Given at County Council Session Held in Ontario Tuesday

Ten members of the Upland post, American Legion, attended the Legion county council meeting held in Ontario Tuesday night and at which L. Burr Belden, county commander, presided.

Reports from the various posts in the county, of which there are 11, were made and all were declared satisfactory.

The entertainment feature of the meeting was given by members of the cast of the pageant, "The First Californians," led by S. Earle Blakeslee and the council expressed hearty approval of the big pageant and went on record as fully endorsing the undertaking.

The Twenty-first district meeting to be held in Riverside Friday night, was discussed and plans were made to boost the candidacy of Col. H. J. Caldwell for the office of state commander. The county council had previously endorsed Colonel Caldwell and it is believed he has an excellent chance of carrying the district endorsement. A large delegation of Ontario and Upland Legion men will go to Riverside Friday, 15 planning to go from Upland.

Upland Legionnaries attending the Ontario meeting were John D. Howe, Earl E. Marsh, Milton Huxtable, Harry Plum, Glenn Hipes, Bill Larkin, Clarence Fossett, Walter Gear, Floyd Atwood and Thomas Howarton.

Final Assembly Is Held by Students at Junior High School

Final assembly for the school year at the junior high school Wednesday was marked by the appearance of the girls glee club, the presentation of an award to Alice O'Brien and an entertainment by the history club, under the direction of William C. Andrews.

Miss Lyle Merchant directed the singers in several selections.

For exhibiting the best food chart at the Chaffey junior farm center fair, Miss O'Brien received $2.50, presented by Mrs. Esther Sill.

The History club entertainment was in three parts, the first showing how the club meets and what it does. John Bryant gave a reading, "Our Flag," as the second feature, and the final event was a play, "The Trial at the Crossroads," written by John Nicholson, a member of the club.

The ninth grade students ended their classes Wednesday, while today was the last for the seventh and eighth grades.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.—Mac the Medicine Man.

The yard at the home of Mrs. Agnes Harms, 405½ Ninth avenue, is surely a riot of color, if one is to judge by the basket of lovely carnations which she kindly presented to The News yesterday. The carnations are beautiful pink and white ones, very large, and Mrs. Harms says she has a yard full of them in all colors, also gladioli, snapdragons and lilies.
